According to our third tradition, we welcome anyone who thinks they may have a problem with compulsive eating and wants to stop. Everyone is welcome at an open meeting. However, a "closed meeting" is open only to those who think they may have a problem with compulsive eating and have a desire to stop. All meetings are open unless stated otherwise. Many meetings do welcome health professionals to visit. Because all

meetings are autonomous and can adopt different procedures we ask health professionals to please contact the group a few days ahead of time.
